DETAILED ACTION

1. This action is in response to applicant's amendment filed on December 2, 2005. **Claims 1-21** are now pending in the present application.

Drawings

2. The drawings filed on 9/29/2003 are acceptable subject to correction of the informalities indicated on the attached "Notice of Draftsperson's Patent Drawing Review," PTO-948. In order to avoid abandonment of this application, correction is required in reply to the Office action. The correction will not be held in abeyance.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

The application is allowable for the reasons set forth on pages 2-4 of the Applicant's response filed on December 2, 2005, which is hereby incorporated by reference. As noted therein, and as argued on pages 2-3 of applicant's response, the claimed invention requires generating a call processing control record that includes an indication of the user's selection of a particular announcement to be transmitted to the caller whereas the closest prior art requires generating and storing greetings, but it does provide any detail about how a greeting may be given to a caller or enabling a user to select a particular announcement to be transmitted to a caller.

As further noted, and as argued on page 4 of applicant's response, the claimed invention requires comparing schedule data with stored data to determine if the schedule data differs from the stored data and automatically generating a call processing control record if the schedule data does differ from the stored data whereas the closest prior art requires comparing the stored data

with the schedule and only determining if the data conflicts with each other, i.e. determining that the two data schedules overlap during the same time frame.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
